

LEARNING EXPERIENCE

BOMI Education Canada's Online Self-Paced (OSP) is an asynchronous learning experience incorporating online resources with "start anytime" access 24/7.

The OSP delivery method provides learners who prefer our current Self-Study option with additional eLearning resources to strengthen their grasp of key concepts.

Throughout the Online Self-Paced course, learners will have access to a digital coursebook and Learning Portal resources, which include online interactive modules, video presentations, key concept reviews, practice assessments, and other support resources to assist them with their career journey and exam success.

IS THIS FORMAT FOR ME?
